

Welcome to **KWIZDA Pharma**,
your **new** partner
in contract manufacturing

YOUR **CHALLENGE** OUR **SOLUTION**

Your partner in liquid dose manufacturing

Kwizda

Pharma

FROM THE  OF EUROPE

Compounding line with 9.000 liter vessels

YOUR CHALLENGE

You have:

- a formulation and/or finished product but no production capabilities
- a finished product but high cost and internal capacities hinder production
- a development idea, but lack the tools and know-how for proper execution

You are looking for:

- a competent contract manufacturer
- a flexible and reliable partner
- a specialist in liquid dose forms
- an expert in herbal products

OUR SOLUTION

We offer:

- state of the art liquid dose manufacturing capabilities
- production equipment and facilities according to EU GMP requirements
- expertise and experts in liquid and herbal products
- galenical development for your individually requested formulations
- services throughout the entire value chain from procurement to logistics

Kwizda

Pharma

Your partner in liquid dose manufacturing

OUR STRENGTHS

High speed filling line

COMPREHENSIVE KNOWLEDGE IN **HERBAL MEDICINAL PRODUCTS**

- Long term relationship with extract manufacturers
- Extensive knowledge in extract development
- Expansive know-how in development of suitable analytical markers

Kwizda is a leader in the Austrian life science industry covering multiple steps of the healthcare value chain.

Since 2016, Kwizda is running a new EU GMP licensed liquid production line in Vienna:

- Non sterile liquids
- Syrups
- Sprays
- Suspensions
- Herbal products

We develop, produce, promote and distribute **OTC products** in Austria and across Europe.

We partner with numerous **global pharma companies**.

We strive to reach and maintain the **highest level of quality and reliability**.

Our customers and their needs are at the **core of our attention**.
